7. STEPS November Challenge: Say Yes to Veggies!

Award yourself one (1) point for each time you consume one serving of vegetables. At the end of the month, be sure to add up your points and enter them online at www.schoolnutrition.org/STEPS – you could win a prize!

8. SNA's 2017 School Nutrition Trends Report

SNA released its [2017 School Nutrition Trends Report](#), a summary of findings from a survey conducted with SNA members. The report contains information on menu trends related to student customization, flavor trends and clean label ingredients. 60% of responding districts are offering new menu items that feature international flavors, 56% report serving cleaner label choices and over half offer made-to-order or self-serve entrée bars! The survey also revealed that school nutrition professionals have employed a wide range of tactics to meet sodium and whole grain regulations, but continue to face challenges and express concerns about meeting those particular mandates. For more information, check out SNA's [press release](#) on the report, or read the [report summary here](#).

9. SNA and ACDA Support Healthy Breakfasts Help Kids Learn Act

SNA and the American Commodity Distribution Association (ACDA) teamed up to send a [letter of joint support](#) for H.R. 3738, or the Healthy Breakfasts Help Kids Learn Act of 2017. The bill was introduced by Congressmen Jim McGovern (D-MA) and Rodney Davis (R-IL) and provides an additional 6 cents in commodity support for the School Breakfast Program (SBP). Commodity support for breakfast was one of the goals on SNA's *2017 Position Paper*, and was a top priority for the ACDA as well. It's important to garner support for the bill in Congress, so we urge you to contact your congressional representatives and ask them to join Congressmen McGovern and Davis as cosponsors of H.R. 3738, or thank them if they already are a cosponsor! Go to SNA's [Action Network website](#) and type in your zip code to send a letter to your representatives today!

10. Submit Your Comments on Program Simplification!

SNA is collecting your ideas on how to simplify school nutrition program regulations. The U.S. Department of Agriculture (USDA), in a [Federal Register notice](#) posted on June 17, 2017, asked how they can remove barriers to participation in programs, and are specifically asking for your ideas on regulations, guidance documents, or policy documents that are in need of streamlining, modification, or repeal. [Visit this page to submit your ideas](#).

11. #GivingTuesday – November 28, 2017

#GivingTuesday, the **first Tuesday after Thanksgiving**, was established a few years ago to counter all the attention on Black Friday and other retail spending based observances by encouraging generosity and the spirit of giving back. Along with hundreds of other non-profit organizations throughout the world, the School Nutrition Foundation (SNF) will celebrate #GivingTuesday on **November 28, 2017**, with a special campaign to promote support of the Annual Fund. Mark your calendar and make an [online gift](#). Your contribution will help your state meet its Annual Fund giving goals!
